Subject: **Vacant New Albany Stormwater Board Position**

***For Immediate Release:***

**New Albany City Council Appoints Engineer to Stormwater Board**

The New Albany Stormwater Board is pleased to announce that Mr. Al Goodman was appointed to the Board by the City Council. Mr. Goodman is an Indiana registered Professional Engineer. Mr. Goodman has extensive experience in sewer and wastewater systems, industrial and environmental compliance, water quality issues and regulations.

Mr. Goodman founded and owned A.W. Goodman and Associates, an environmental consulting firm in New Albany for 20 years and is a widely recognized leader in wastewater system management. He is currently a Principal with Camp Dresser and McKee (CDM). He served as International President of the Water Environment Federation from 1999 – 2000, and is Past-President of the Indiana Water Environment Association.
